

A Time for Collective Intelligence

Today's fixed income markets demand active management that combines deep expertise, broad reach and seamless teamwork.

Current secular forces such as rising debt levels, unconventional central bank policy, and structural marketplace changes increase the need for a fundamental and flexible approach.

At MFS, we see these challenges as opportunities. Our global research platform delivers:

Multidisciplinary expertise

A structure and process to drive smart investment decisions

Alignment around a shared culture

Fixed Income Portfolio Managers

Experts manage portfolios dynamically

Equity Analysts

Cross-asset perspectives provide differentiated information and insights

Quantitative Analysts

Risk modeling and stress testing help manage risks in a range of scenarios

Collaborating across asset classes, geographies and disciplines

Fixed Income Strategy Groups

Interest-rate, currency and sector perspectives help calibrate exposures to macroeconomic cycles

Fixed Income Analysts

Issuer-level research identifies underpriced securities and seeks to minimize default risk

Fixed Income Traders

Deep understanding of market technicals help navigate rapidly changing market dynamics

Times change and markets evolve but the foundations of our active investment approach never waver. Collaboration is woven into our culture.
